What do you hope the Staff Senate accomplishes, and why are you a Senator?

I hope the Staff Senate continues to serve as a strong advocate for staff creating opportunities for collaboration and positive change across our campus. I chose to become a Senator because I value building connections and using those relationships to champion initiatives that enhance our work environment and contribute to the overall success of our institution.

Why do you enjoy working at LSUHSC?

I'm fortunate to work in an incredible department alongside talented, passionate people who are committed to improving healthcare and education. One of the most rewarding parts of my role is meeting our residents as medical students and watching their journey—from learning and growing during residency to returning as faculty members. Seeing their full progression and knowing we played a part in their success is truly inspiring.
